TARGET INVESTMENT PROFILE

- Middle market buyout
- Recurring revenue and positive cash flow
- Diversification in geography, industry sector, vintage year and portfolio manager

Co-Investment Sector Diversification (% of Market Value⁷)

1. Subject to certain limitations. 2. Meketa Investment Group is the sub-advisor for the Fund. 3. Fund inception is August 26, 2020. The Fund's cumulative performance reflects all expenses including the Adviser's management fee and fund operating expenses. 4. MSCI ACWI Index (net div.) is a commonly followed index that captures large and mid-cap equity representation across both developed and emerging market countries. 5. Portfolio holdings vary and are subject to change. 6. Values as of May 31, 2024; represents private investments only and excludes cash and liquid securities. 7. Co-investment sector diversification data as of April 30, 2024. Data is only representative of the total fair market value of the co-investment portion of the Fund, not the entire Fund.

The performance shown represents past performance and does not guarantee future results. Investment return and principal value will fluctuate so that an investor's shares when redeemed may be worth more or less than their original cost. Current performance may be higher or lower than the performance data quoted. See the following page for additional disclosures.

GENERAL RISKS

Investors should carefully consider the Fund’s investment objectives, risks, charges, and expenses before investing. This information is included in the Fund Prospectus should be read carefully before investing. The Prospectus is available through the Prospectus link on the Primark website: [Primark Prospectus](#). Please read the Prospectus carefully.

- An investment in the Fund is subject to, among others, the following risks:
- The Fund is not intended as a complete investment program but rather the Fund is designed to help investors diversify into private equity investments.
- The Fund is a “non diversified” management investment company registered under the Investment Company Act of 1940.
- An investment in the Fund involves risk. The Fund is new with no significant operating history by which to evaluate its potential performance. There can be no assurance that the Fund’s strategy will be successful.
- Shares of the Fund are not listed on any securities exchange, and it is not anticipated that a secondary market for shares will develop.
- Shares are appropriate only for those investors who can tolerate a high degree of risk, and do not require a liquid investment.
- There is no assurance that you will be able to tender your shares when or in the amount that you desire. Although the Fund will offer quarterly liquidity through a quarterly repurchase process, an investor may not be able to sell or otherwise liquidate all their shares tendered during a quarterly repurchase offer.
- The Fund’s investment in private equity companies is speculative and involve a high degree of risk, including the risk associated with leverage.
